LabCorp Nares Self-Swab
Order **LabCorp Coronavirus (COVID 19) NAA**

If needs evaluation (PE, vitals, etc.), send pt to MedStar Urgent Care
Do not order lab
Location performing test will order

LabCorp Nares self-swab or NP (if site is trained in NP w/ N95s)
Order **AMB COVID19 Preop Priority Test (Labcorp)**
Has priority processing code
Specimen transport in yellow bag
Ensure pt is 3-5 days out from surgery
Add surgeon name, date of surgery, location of surgery

Order **Referral to Pre-operative COVID Testing**
Do not order lab
Note: There are 11 UC, 7 MMG and designated hospital sites capable of scheduled testing (will print out with referral)
Add surgeon name, date of surgery, location of surgery
Result to surgeon, call center

MGUH PCR Kits (red top) Nares self-swab or NP (if site trained in NP w/N95)
Order **COVID19 PCR Pre-operative**
Ensure pt <72 hrs out from surgery
Add surgeon name, date of surgery, location of surgery
Samples go to MGUH w/courier
Call center will notify pt of result

Order **Referral to Pre-operative COVID Testing**
Do not order lab
Urgent processing thru MGUH
Note: There are 7 MMG sites and designated hospital sites capable of scheduled testing (will print out with referral)
Add surgeon name, date of surgery, location of surgery
Result to surgeon, call center

Use discharge instructions “patients awaiting COVID-19 testing results”

- Emphasize quarantine
- Result return in 3-5 days
- Reminder pts will receive multiple calls re: result

If only needs testing, send pt to Non-MedStar testing location
Note: Crisp to retrieve result
Maryland locations:
<https://coronavirus.maryland.gov/pages/symptoms-testing/>
DC locations:
<https://coronavirus.dc.gov/testing>
Virginia locations:
<https://www.vdh.virginia.gov/coronavirus/covid-19-testing/>

Use discharge instructions for Pre-Operative patients awaiting COVID 19 testing results

- Emphasize quarantine until surgery
- Results go to ordering provider, surgeon **AND** central lab team
- Reminder pts will receive multiple calls re: result

Refer to Pre-op Testing Timeline for scheduling details
Note: Selecting LabCorp vs. MGUH for specimen processing requires an hour-by-hour calculation using the time the courier picks up the specimen to the time of the surgery

For MedStar associates with concerns of or exposure to COVID-19 → Advise associate to contact occupational health for further direction **1-844-354-3705**
